

Reduce packaging time and labor with the AutoPak Can Carrier Applicator. The AutoPak was designed to perform with all ABE canners, from 15 CPM up to 90 CPM. ABE can engineer this with your new line, or add it to your existing canning system, with a minimal footprint. It is easily adjustable for both 4-packs and 6-packs for standard 12 oz and 16 oz cans.

Reduces Labor

- Packs up to 90 cans per minute
- Easily change between 4 and 6-pack carriers
- Easily change from 12 to 16 oz cans
- Runs on 120v, does not need to be wired by an electrician
- Easy to load for continuous operation
- Can be placed in line with ABE canning lines or conveyors
- Sleek can option available

Small Footprint

AutoPak
