

CraftCan Duo45 Canning Line

ABE
EQUIPMENT

The CraftCan Duo45 features ABE Equipment's proprietary 8-valve design. The CraftCan Duo45 is easily upgradeable to a CraftCan Duo90, giving you the flexibility to grow with your business. This game-changing canning system is built with our patented Servo Seamer and torque monitoring system for precision filling that is second to none.

Speed and Precision

- Upgradeable to CraftCan Duo90
- Built-in CO₂ ports on one-piece stainless steel fill heads
- Rotary-can-indexing with on-screen micro adjustments for precise can seam positioning
- Proprietary recipe recall feature reduces setup time
- Average DO pickup 15-25 PPB
- Nitrogen compatible

Servo Seamer Technology

- Patented Torque Monitoring system detects damaged cans, can misalignment, seam flaws, and gradual component wear
- System diagnostics available for remote troubleshooting

Post Rinse & Dryer Included

- Ensures cans are clean & dry for packaging or labeling

Optional Casters

Fills up to 45 Cans Per Minute
